### FAMILY SUPPORT

**Nutrition 2018** aims to be a family friendly environment and ASN is offering small grants to help off-set caregiving expenses to enable scientists with dependent children or family members to present their research in Boston.

The **Nutrition 2018 Family Support Grant** is a reimbursable allowance up to a maximum of \$750 towards eligible funding scenarios. Provision of these grants is part of a study to assess and evaluate conference attendance feasibility; through this effort we will gather feedback about preferences and barriers to conference attendance.
