

### **Dietitian Continuing Professional Education (CPE)**

ASN (Provider #NS010) is accredited and approved by the Commission on Dietetic Registration (CDR) as a provider of Continuing Professional Education (CPE) programs for Registered Dietitians. CPE programs are coordinated through the ASN's Education and Professional Development Department.

### **Directions on how to receive CPE credit for EB 2014:**

After ASN's Scientific Sessions at Experimental Biology, ASN will send a survey to all registered attendees. At the end of the survey, you will be asked to report the credit hours you attended, the name you would like on your certificate and the email address you would like the certificate to be sent.

Please note: ASN Sponsored Satellite Sessions are not included in this list of accredited sessions. Each Satellite Session has its own survey to be completed onsite.

*If you would like to track your participation onsite (and log on the survey later), please use the information below.*

**Please indicate the sessions you attended on Saturday, April 26, 2014 (please note that you cannot claim 2 or more sessions that occurred at the same time).**

8:30 AM - 12:30PM

- Fortification and Health: Opportunities and Challenges (4 cr)

8:00 AM – 10:00 PM

- Circulating Vitamin D and Risk of Breast and Colorectal Cancer (2cr)

10:30 AM – 12:30 PM

- Dietary Patterns Methods Project: Systematic Analyses of Index-Based Dietary Patterns and the Associations with Mortality (2cr)

3:00 – 5:00

- Energy Drinks: Current Knowledge and Critical Research Gaps (2cr)
- Insights and Perspectives on Dietary Modifications to Reduce the Risk of Cardiovascular Disease (2cr)

**Maximum Credits for April 26, 2014: 6**

**Please indicate the sessions you attended on Sunday, April 27, 2014 (please note that you cannot claim 2 or more sessions that occurred at the same time).**

8:00 AM – 10:00 PM

- Nutri-Metabolomics (2cr)
- Not Everything That Counts Can be Counted and Not Everything That Can be Counted Counts: How Should We Collect Dietary Data for Research? (2cr)
- Best Practices for Your Research Toolkit (2cr)

10:30 AM – 12:30 PM

- Presidential Symposium: Malnutrition and Inflammation: Intimate Partners (2cr)

12:45 – 2:45 PM

- Food and Nutrition Board Update (2cr)
- USDA-NIFA Funding Opportunities (2cr)

3:00 – 5:00 PM

- Unscientific Beliefs About Scientific Topics in Nutrition (2cr)
- Are Biofortified Staple Food Crops Improving Vitamin A and Iron Status in Women and Children? (2cr)
- Nutrition Competencies in Health Professionals' Education and Training: A New Paradigm (2cr)

**Maximum Credits for April 27, 2014: 8**

**Please indicate the sessions you attended on Monday, April 28, 2014 (please note that you cannot claim 2 or more sessions that occurred at the same time).**

8:00 AM - 12:30PM

- Neurocognition: The Food-Brain Connection (2cr)

8:00 AM – 10:00 PM

- Dietary Whole Grain-Microbiota Interactions (2cr)
- International Forum – Brazil (2cr)

10:30 AM – 12:30 PM

- International Breast Cancer and Nutrition (2cr)
- International Forum – China (2cr)

1:45 – 2:45 PM

- E.V McCollum Lecture (1cr)

3:00 – 5:00 PM

- Optimizing Protein Quantity and Distribution to Improve Health Outcomes (2cr)
- Novel Mathematical Models for Investigating Topics in Obesity (2cr)
- The Future of Nutrition Research at NIH (2cr)
- International Forum- South America (2cr)

**Maximum for April 28, 2014: 7**

**Please indicate the sessions you attended on Tuesday, April 29, 2014 (please note that you cannot claim 2 or more sessions that occurred at the same time).**

8:00 AM – 10:00 PM

- It's Alive Microbes and Cells in Human Milk and their Potential Benefits to Mother and Infant (2cr)
- Beyond Blood Pressure. New Paradigms in Sodium Intake Reduction and Health Outcomes (2cr)
- Successful Scientist - What's the Winning Formula? (2cr)

10:30 AM – 12:30 PM

- Human Milk Oligosaccharides (2cr)
- Modifying Eating Behavior Novel Approaches for Reducing Body Weight (2cr)
- Historical Impact of Nutritional Epidemiology (2cr)

1:45 – 2:45 PM

- W.O. Atwater Lecture (1cr)

3:00 – 5:00 PM

- The Science of Cocoa Flavanols Bioavailability, Emerging Evidence and Proposed Mechanisms(2cr)
- Research Advances and Considerations for Investigating the Human Diet, Nutrient Utilization and Microbiota Interface Across the Life Course (2cr)
- International Forum – Japan (2cr)

**Maximum for April 29, 2014: 7**

**Please indicate the sessions you attended on Wednesday, April 30, 2014 (please note that you cannot claim 2 or more sessions that occurred at the same time).**

8:00 AM – 10:00 PM

- Applications of Complex Systems Science in Obesity and Non-Communicable Chronic Disease (2cr)
- Use of Metabolomics in Population-Based Research (2cr)

10:30 AM – 12:30 PM

- Cellular Responses to Nutrients and Development of Disease (2cr)
- Sustainable Diets for Healthy People, Healthy Planet (2cr)

**Maximum for April 30, 2014: 4**

**Maximum for total meeting: 32      Your total: \_\_\_\_\_**

*Please remember to log this information on the ASN Scientific Sessions Survey as well as fill in the CPE specific questions. The CPE Survey will be online after the conference at:*

<http://scientificsessions.nutrition.org/>

*If you have questions or concerns, please email Moira Guenther ([mguenther@nutrition.org](mailto:mguenther@nutrition.org))*

Please note that if you attended any Sponsored Satellite Programs, their credits will be in a separate survey.
