

Tips for Using the Nutrition 2019 Schedule Planner

The **Nutrition 2019 Schedule Planner** is an interactive, online platform to help navigate all of Nutrition 2019's offerings. Plan your conference experience by using the following features:

1. Browse: Review all sessions and events without logging in. You can browse the Educational Program by date, Track, Session Type, Session Title and Speaker/Abstract Author. Use the left-side navigation to view Career Activities, Special Events and Meetings, including ASN governance activities and affiliated meetings. Click on **The Hub** to check out the various activities in our expo hall -- exhibits, posters, poster theater flash sessions, Science Stage, ASN Live! and more.

2. Keyword Search: Enter a word (e.g., topic, speaker name) to search the schedule. For example, type "microbiome" in the keyword search box and press the Enter key for a listing of every session with "microbiome" in the title or description.

3. Log in to create a personal itinerary (My Schedule):

First-time users: Creating an account and logging in will allow you to select sessions as favorites and create a personal itinerary. To create an account, click on the blue "Sign Up" text and follow the instructions. Your login for the schedule planner can also be used to access the information in the Mobile App (*coming in May*).

Returning visitor: Log in by using the access key that was provided when creating your profile. If you do not remember your access key, select the "Forgot Access Key?" link on the Login page.

4. Adding Favorites and Creating a Schedule: Once you are logged in, you can add sessions to your schedule by clicking on the star to the right of session titles. Click on "My Schedule" to view your schedule, manage your favorites and add notes.

Your favorites and schedule will also be viewable on the Mobile App (*coming in May*). **Selecting a session or event in the planner does not guarantee attendance. With the exception of the Fellows Luncheon which is a ticketed event and several "by invitation only" receptions, all activities are offered on a first come, first serve basis. Be sure to arrive early to guarantee a seat.**

5. Adding Notes: When logged in, you can add notes to your favorited sessions. To add notes, select the favorited session from the search option or within the "My Schedule" section of your profile. Click on the gray square next to the star to add a note. Once you have added your details, the square will turn blue.
